

A guide to...

BER Assessor insurance...

What we do...

Wexford Insurances Ltd provide an exclusive scheme for Building Energy Rating (BER) Assessors in Ireland. This scheme covers BER assessors involved in both the domestic and non-domestic markets. Our packages start from as little as €340 annually + 3% Government levy which can be paid as €29 per month with no up front deposit required. Our BER Assessor Insurance provides you with the level of cover recommended by Sustainable Energy Authority of Ireland (SEAI).

Wexford Insurances provide an unrivalled facility offering interest free direct debit over 12 months with no up front payment.

Wexford Insurances BER Assessor insurance cover is exclusively recommended by BER Training experts Chevron Training.

The benefits of the policy are listed below:

- **Packages from €340 per annum**
- **12 months interest free installments, no deposit and no charges**
- **€6,500,000 Public Liability Limit**
- **€1,500,000 Professional Indemnity Limit**
- **Level of insurance cover meets with SEAI recommendations**
- **Dedicated account handler**
- **Policy may be tailored and extended to meet your needs**
- **Up to 25% off your other insurance policies with Wexford Insurances**

“working together as a team is crucial in understanding the needs of a client...”

Professional Indemnity Cover

Professional Indemnity Insurance provides essential financial protection for Energy Assessors, Consultants & Contractors. In the event that a client suffers financial loss as a result of alleged neglect, error or omission Professional Indemnity Insurance will meet the cost of defending claims and any damages payable.

Any person who gives advice, designs, or offers similar services in a professional capacity is seen by clients as an expert. In these times of high consumer awareness, clients will not hesitate to pursue a claim if they feel that they have received sub-standard service. The need for Professional Indemnity Insurance has never been greater.

Public Liability Insurance

As a BER Assessor you are in contact with the public when conducting business and therefore you should seriously consider public liability cover.

Public liability will cover your business for compensation and damage expenses, plus legal fees, in the circumstances that your business caused injury/harm to member of the public, or alternatively caused damage/harm to their property.

Without public liability insurance businesses can often find themselves responsible for paying compensation and damages to the public from their own pocket.

Policy benefits available on request are listed here:

- Accident caused by you or your business
- Legal fees resulting from a claim by 3rd party
- Damage to 3rd party property during business

Employer's Liability Insurance is also available.

Please contact Andrew on 053-9122466 to discuss your requirements and receive a bespoke quote. We will tailor a package to meet your specific needs.

Home Insurance

Your house is more than likely your most expensive asset. With this in mind it makes sense to ensure that you have it insured correctly. Protecting your personal possessions and property is easy if you select one of our range of Personal insurance policies.

Each one is designed to offer you the maximum cover at the most competitive price, leaving you safe in the knowledge that your most valuable possessions are fully protected. We provide cover options for houses both large and small. We cater for houses with high contents values, and your valuable possessions can be covered as well. Above all, only a few details are needed to obtain a competitive premium.

We know that we have a policy capable of meeting your needs. For further details on any of the personal insurance policies that we offer, please contact us.

Benefits of a Broker

We as an insurance broker have a duty to act in the best interests of our clients and provide sound practical advice which is independent of any insurance company's influence.

An insurance broker is similar to an accountant or lawyer who provides impartial professional advice, based on years of training, education and experience.

As with everything in life the cheapest is not necessarily the best. When arranging insurance it is easy to take short cuts and look for the cheapest, without considering policy wordings, insurance companies' financial stability and their claims paying history. Often a wider policy wording does not cost much extra and this is where the advice of a broker is invaluable.

A professional insurance broker such as Wexford Insurances Ltd deals with many insurers and has access to different types of policy wordings. We act for our clients and help you to decide what risks to insure, what types of cover are best and how much it should cost. In many cases we the insurance broker is most valuable in the event of a claim.

Broking is a hands on role requiring a combination of technical knowledge, business, communication, people and practical skills.

Until recently, insurance brokers have learnt their trade through practical experience. Now they have dedicated courses and continuing professional development to lift the level and quality of insurance broking.

Don't renew your BER insurance until you've spoken to us...
